## ALLTEX INDUSTRIES LIMITED

### NOTES TO THE INTERIM FINANCIAL STATEMENTS (UNAUDITED) AS AT AND FOR THE SECOND QUARTER PERIOD ENDED DECEMBER 31, 2023

- 1.00** These interim financial statements have been prepared in compliance with the requirements of the applicable International Financial Reporting Standards (IFRSs) and International Accounting Standards (IASs), the Companies Act, 1994, Bangladesh Securities and Exchange Ordinance 1969, Bangladesh Securities and Exchange Rules 2020, the Listing Regulations of Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited and other applicable laws and regulations.
- 2.00** The accounting policies and methods of computation used in preparation of these interim financial statements for the Second Quarter (Q2) period ended December 31, 2023 are in consistent with those adopted in preparation of the last annual audited financial statements for the year ended June 30, 2023.
- 3.00** There were no significant events after the reporting period that have not been reflected in the financial statements for this interim period.
- 4.00 Reason for Unusual Fluctuation In Quarter to Quarter Result**
- (a) There was a significant deviation between Turnover and EPS of the reporting period and the corresponding period. Company suffered a drastic fall of turnover during the period under review. The main reason of such fall in Turnover and EPS was severe gas crisis throughout the period. Natural gas is the main raw material of electricity producing generators and boilers. Sufficient pressure in national gas supply line is the precondition of uninterrupted power generation in our manufacturing plant. Due to lack of sufficient and uninterrupted gas supply and the nationwide severe gas crisis, company's production as well sales have seriously been affected. Company management was compelled to run the factory at a substantially reduced capacity. Moreover, as a consequence of worldwide economic meltdown caused by Russia-Ukraine war, company management has been seriously suffering in securing profitable orders from buyers. At the same time, all fixed costs remained almost unchanged. In such a situation turnover of the company has been reduced significantly and resulted in a significant deviation between EPS of the reporting period and the corresponding period. NOCFPS has been decreased mainly for decrease in revenue than the previous period. NAV has been decreased due to net loss incurred during the period.
- (b) As a matter of understanding with Sonali Bank Limited, the bank has suspended charging interest on its loan and negotiation is going on for One Time Exit facility for full and final settlement of loan from Sonali Bank Limited.
- (c) As a result of the abovementioned matters, company's financial expenses have been decreased significantly during the reporting period in comparison with corresponding period.
- 5.00** Disclosures of quarterly financial statements as per clause 4(4) of BSEC's Notification No. BSEC/CMRRCD/2006-158/208/Admin/81 dated 20 June 2018:
